SIGNATURE EXPERIENCE 08

Castles, Crémant & the Grand Duchy

A Private Journey Through Luxembourg

Europe's only sovereign Grand Duchy reveals itself through contrasts: the historic heights of Luxembourg City, the story of the Grand Ducal family, a private castle encounter in the countryside and the vineyards of the Moselle. The day can end with a private Crémant tasting hosted by a selected winegrower.

FORMAT

Full day | Ideal gateway: Luxembourg City

PERFECT FOR

Culture lovers, wine enthusiasts and repeat visitors

COMBINE WITH

Beaufort, the Moselle, Trier or an overnight stay

BOUTIQUE DELUXE MOMENT Crémant with its maker, away from the public tasting room.

Three Countries. One Remarkable Day.

Breakfast in Luxembourg. Wine in France. Dinner in Germany.

A single private day can connect three countries without ever losing its sense of place. The route links Schengen's European story with quiet Moselle villages, a selected French wine encounter and dinner in Germany - three cultures unfolding along one river, with borders that are crossed almost without notice.

FORMAT Full day | Luxembourg City or Trier gateway

PERFECT FOR Curious travelers, wine lovers and Europe enthusiasts

COMBINE WITH Luxembourg, Lorraine, Saar or the wider Moselle

BOUTIQUE DELUXE MOMENT A private river passage near the three-country point.

SIGNATURE EXPERIENCE 10

Hamburg's Amphibious City Adventure

Guests remain in the same seat as their vehicle leaves the streets and enters the Elbe. We can frame the shared German-language experience with private transfers and an English-language city introduction.

FORMAT

THEMATIC WORLDS

Begin with a passion,
a question or a story.

Some journeys are defined by geography. The most memorable ones are often defined by meaning.

Faith & Living Traditions / Germany Through Family Eyes / Where Your Story Began / Automotive Passion & Engineering / Art, Architecture & Creative Culture / Journeys Across Generations

Faith & Living Traditions

How is faith experienced in Germany today?

A respectful journey into Catholic, Protestant, Jewish or monastic heritage - not only through buildings, but through people, music, community life and contemporary perspectives. Cologne and Trier can form a strong starting point for a family or private journey.

**Churches and monasteries | Community voices |
Sacred music | Social engagement |
Family-friendly cultural activities**

THEMATIC WORLD 02

Germany Through Family Eyes

Everyday life becomes the experience.

What feels different about school, leisure, food, family routines and independence? We create age-appropriate encounters that invite curiosity rather than comparison - balanced with museums, playful challenges, nature and simply enjoyable family time.

Markets and shared meals | Everyday conversations | Hands-on museums | Treasure hunts | Theme parks and nature

Where Your Story Began

Ancestry journeys with emotional depth.

Before the journey begins, we can coordinate genealogical research, archives, translations and local historians. On the road, documents become real places: a village, a church, a family home, a cemetery or perhaps a carefully prepared personal encounter.

**Pre-trip research | Archive appointments |
Translations | Village visits | Local historians |
Personal documentation**

THEMATIC WORLD 04

Automotive Passion & Engineering

A journey built around precision and performance.

For collectors, drivers and curious minds, Germany can be explored through racetracks, design, restoration, engineering, museums and private automotive conversations. The route is shaped around the guest's own level of knowledge and passion.

Nürburgring | Stuttgart | Munich | Private workshops | Design and engineering | Scenic driving routes

THEMATIC WORLD 05

Art, Architecture & Creative Culture

**Classic collections meet the Germany
of now.**

A private creative journey can move from Bauhaus and historic collections to contemporary galleries, studios, design workshops and urban architecture. Curators, artists and local voices give each visit context and personality.

**Berlin | Weimar and Dessau | Museums | Private
collections | Studios | Architecture and design**

THEMATIC WORLD 06

Journeys Across Generations

One family, different rhythms, one shared story.

Milestone birthdays, anniversaries and family reunions need more than a larger vehicle. We design parallel moments, flexible pacing and shared highlights so that children, parents and grandparents each feel the journey was made for them.

**Milestones | Family heritage | Separate interests
| Shared meals | Gentle activity | Meaningful surprises**

One familiar face. A journey that simply flows.

01

Arrival

Begin in Frankfurt or Munich with a personal airport welcome and a journey designed around the chosen gateway.

02

Continuity

The same professional chauffeur can accompany the route, learning the guests' preferences and daily rhythm.

03

Local care

Behind the chauffeur stands our local team, available through dedicated 24/7 guest assistance throughout the journey.

Routing, rest periods and daily distances are planned around professional driving times, guest comfort and natural pauses.
